

INTRODUCTION

This manual explains how to use the TeamWare web application, including navigation, product management, and basic settings.

ACCESSING THE APPLICATION

- Open the application in your web browser.
- Either login with your credentials or register if you are not already registered.

The screenshot shows the TeamWare web application interface. At the top, the 'TEAMWEAR' logo is on the left. To its right, the text 'Welcome Guest' is displayed next to a red circular icon containing a black person silhouette. Further right is a language dropdown menu showing 'EN' with a downward arrow. On the far right is a 'Select page' button with a dropdown arrow. Below the header, the main content area has a green background. It features the heading 'Welcome to the backend' in bold black text. Underneath are two white input fields with rounded corners: the first is labeled 'Username:' and the second is labeled 'Password:'. Below these fields is a blue rounded rectangular button with the text 'Log In' in white. At the bottom of the green area is a blue underlined link that says 'Register'.

Welcome to the backend

NAVIGATION

- Use the pull down menu to access the different pages. Admins have access to more channels than just a regular customer.

Customer navigation bar.

Admin Navigation bar.

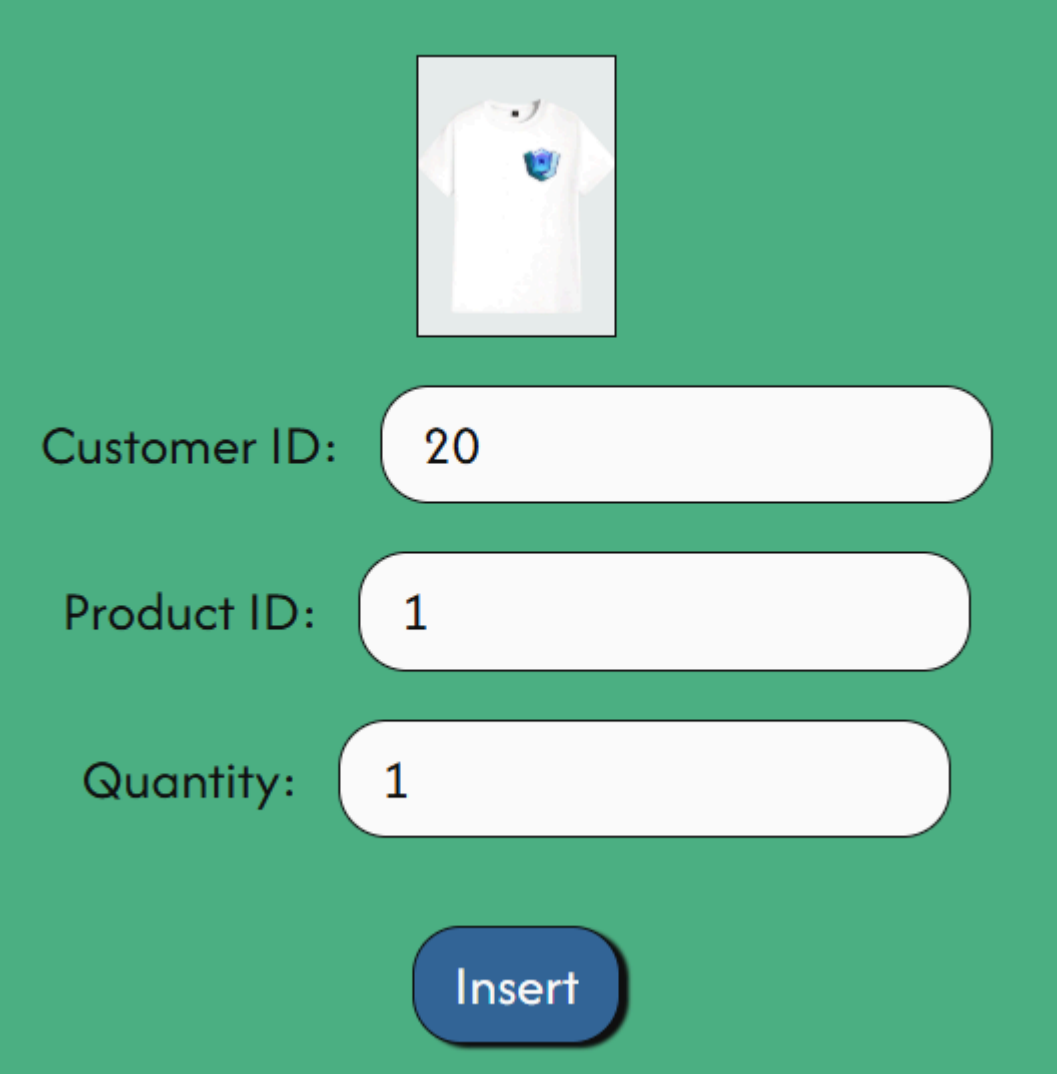

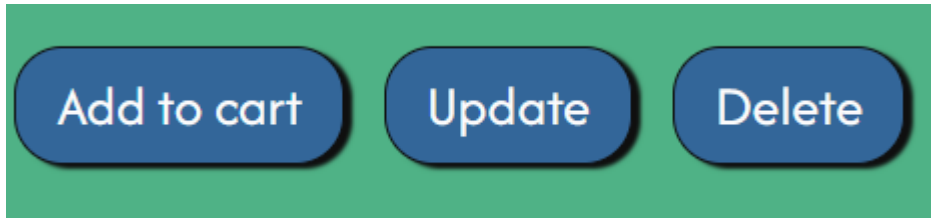

- Products: web page that displays the various different products that are available to purchase. Search bar to help quickly search for any particular product.

Type product name... Insert New Product				
	white legends unite tshirt	9.99€	1.00 stars	Add to cart Update Delete
	white wasted potential tshirt	9.99€	1.00 stars	Add to cart Update Delete
	white infinity all-stars tshirt	9.99€	1.00 stars	Add to cart Update Delete

The Insert button is only available to Admin role users and allows to insert a new product into our database to later be displayed on our products page.

Product ID:	
Product name:	
Product price:	
Product Image:	Seleccionar archivo Ningún archivo seleccionado
Insert	

The Add to cart button is for both roles of users and allows the end user to add an item to the shopping cart. The Update button allows Admin role users to alter information of each product displayed on the page. The Delete button allows the Admin role users to delete the product from our database.

A screenshot of a mobile application interface for adding items to a cart. The background is a solid green color. At the top center is a square image of a white t-shirt with a blue shield-shaped logo on the chest. Below the image are three input fields, each with a label to its left. The first field is labeled 'Customer ID:' and contains the number '20'. The second field is labeled 'Product ID:' and contains the number '1'. The third field is labeled 'Quantity:' and contains the number '1'. At the bottom center of the form is a blue, rounded rectangular button with the word 'Insert' in white text.

- Customers: web page only visible for Admin role users that displays a list of users that are registered in the database. Search bar to help quickly search for any particular customer.

Type customer name...			Insert New Customer
1	John Smith	<button>Update</button> <button>Delete</button>	
2	James Johnson	<button>Update</button> <button>Delete</button>	
3	Michael Williams	<button>Update</button> <button>Delete</button>	
4	Robert Brown	<button>Update</button> <button>Delete</button>	

The Insert button allows us to insert a new customer into our database to later be displayed on our customers page.

A form for inserting a new customer into a database. The form is set against a green background and contains five text input fields, a radio button group, and a submit button. The fields are labeled 'Customer ID:', 'Customer forename:', 'Customer lastname:', 'Customer username:', and 'Password:'. The 'Customer role:' section has two radio buttons labeled 'Admin:' and 'Customer:'. A blue 'Submit' button is at the bottom.
